IAYP Club

OPJMS strives hard to ensure all round development of students. OPJMS is now a Youth Engaging Society centre of IAYP.

IAYP or International Award for Young People is a global self-development programme for students that aims to foster innovation and open doors to other nations and cultures, as well as bring new opportunities for the students. It equips young people for life regardless of their background, culture, physical ability, skills and interests. Working towards the award is a personal challenge and not a competition against others; it pushes young people to their personal limits and recognises their achievements.

The basic structure of the Award consists of 4 mandatory sections Voluntary Service, Adventurous Journey, Skills and Physical Recreation.

Students were involved in a variety of activities to achieve their goal like visits to orphanage – serving the children there like organizing games, eatables, books etc. for them. They sharpened their skills like cooking, dancing, origami, candle making etc. An adventure trip was organized for these students for four days and three nights to Chail, Himachal Pradesh.

It was heartening to see 41 students of OPJMS completing their bronze level journey and getting awarded the certificates and medals for the same. 30 students are going to complete their silver level journey soon.

We are working together to develop confident, responsible, reflective, innovative and engaged learners and create opportunities for young people to develop skills, get physically active, render service to their local community and experience adventure.
