Photography Club

Photography is the art of teleporting the past into the future. The photography club inspires students to minutely observe every aspect of life around them, whether it is nature or traditions, colours or emotions. The session 2022-23 was an equally remarkable one for our students where they got the opportunity to capture on camera the different celebrations in the SILVER JUBILEE journey of the institution. Occasions like festivals celebrated in the school, inter House and inter school competitions, felicitations and rewards, were all beautifully captured on camera. Students were trained to connect with the finer aspects of life through their bond with nature, emotions, traditions and fun.
