## Book Club

Reading is to the mind like running is to the body. If a person wants to exercise his mind , read a good book.

Book club has come into being to gratify the intense urge for self expression of emotions and thoughts of students by refining and sharpening their language competence through series of group activities and discussions. The prime objective of this club is to inculcate love for reading as truly and aptly has been said , " Reading makes a man complete. "The aim of the book club is to provide a platform for book lovers to talk about the book they have read and to help readers to indulge in their hobby of reading by meeting likeminded individuals, by introducing them to new genres and by exposing them to other reading opportunities. It also gives students a chance to swap books along with an opportunity to contribute in a group discussion.

It is truly said that books leave us with many experiences, we will surely live with while reading.

" Books are uniquely portable magic. "

Apart from the club members getting acquainted with the latest arrivals time to time, debates and discussions are organized to make them avid and voracious readers.

"You may have tangible wealth untold,

Caskets of jewels and coffers of gold.

Richer than I, you can never be,

I have a mother who reads to me."
